UNLESS PRISONERS RELEASED AT ONCE WAR SURE TO COME

ALL DEPENDS UPON THE ATTITUDE OF THE CARRANZA GOVERNMENT.

HURRY TROOPS TO THE BORDER

Nashville Guardsmen Go Into Camp And Those From Other Points in the State Will Begin to Arrive Tomorrow and Wednesday.

Special to The Herald.

WASHINGTON, D. C., June 26.—While preparations for war are being carried on here and all over the country with feverish haste, there is still no change in the situation and officials are awaiting replies from the various demands made upon Carranza. It is believed that a failure to release the American prisoners taken at Carrizal would be the sign for an immediate break between the two countries and that war would at once follow. Whether or not there will be war seems to depend upon the attitude of the Carranza government altogether. Fifteen thousand national guards-

men of New York, Massachusetts and New Jersey and Connecticut will start for the front tomorrow, it was announced by Maj. Gen. Wood. The demand for the movement of the guardsmen to the front was regarded as so urgent that medical examination of the men was waived. Other states are expected to forward troops just as soon as the units are recruited into a peace basis.

GOING INTO CAMP.

Nashville Troops Moving To The Fair Grounds Today and Others Will Follow Soon.

Special to The Herald.

NASHVILLE, Tenn., June 26.—Nashville guardsmen commenced to move to camp at the State Fair grounds today. By night it is expected that all of them will be in camp. Their stay in camp is likely to be brief for just as soon as possible they will be moved to the Mexican border. The Chattanooga, Knoxville and Memphis guardsmen will go into camp tomorrow and Wednesday.

ANOTHER TRIBUTE TO HERALD ADVTs.

SENATOR CHURCH SAYS THAT HE GOT MORE THAN VALUE RECEIVED.

"Don't I owe you 80 cents," said Senator John W. Clayton Church, when he walked into The Herald office this afternoon.

"No, why?" asked the young man in the counting room.

"Well, a few days ago I spent forty cents with you to advertise a Shetland pony for sale. As the result of that little advertisement I have sold three of my ponies. Looks like I got more than value received."

That is just a sample of the tributes paid almost daily to the value of Herald advertisements.

TAKE TIME ABOUT THRESHING WHEAT

FARMERS WARNED NOT TO DO IT WHILE THE BUNDLES ARE STILL DAMP.

Farmers should not be in a hurry about threshing their wheat this year. There has been so much rain and the shocks are so thoroughly wet especially the bundles that are resting on the water-soaked ground, that it is going to take a long time to thoroughly dry out. The heads may be perfectly dry, but the butts of the shocks will be water-soaked and when they go through the thrasher the water will impregnate the grain and render it unfit for milling. Several millers who were at The Herald office this morning, declared that from an experience of several years they knew the facts above stated and asked The Herald to sound this warning to the farmers. This would save loss that otherwise would accrue.

ENTIRE GRAND JURY FINDS WORK HOUSE IN SPLENDID SHAPE

REPORT THAT GOOD WORK IS BEING DONE ON NEW HIGHWAY.

PRISONERS ARE WELL TREATED

Poor House Conditions Are Also Quite Satisfactory Except That a New Barn is Needed—Jail in Good Shape Also.

In its report made to Judge Turner upon adjournment on Saturday afternoon the grand jury declared that the penal institutions of Maury county and the poor house were in splendid shape. Inmates of the poor house and the work house are being well and humanely treated. The work on the county highway from Kedron to Neapolis is well done and good progress is being made. Superintendent Akin and the guards are commended.

A good word is spoken for the poor house management, but it is recommended that a new barn be constructed there. The court house and jail are in fine shape.

The report of the jury follows:

"We, the grand jurors for the May term, 1916, respectfully report as follows:

"1st. We have examined the guardians' bonds for the county, and report all as good and solvent.

"2nd. We have visited the county jail and find conditions there very satisfactory. We would recommend that doors be furnished for the cells downstairs. It is often necessary to combine crazy persons and there should be a place for them to be closely confined. We would also recommend that the upstairs porch of the residence part of the jail be painted. This is badly needed.

"3rd. We have had a committee visit the county poor farm, and find conditions there very satisfactory. The farm is in fine condition, crops look well, and the stock and cattle are in fine shape. However, we would recommend that the county build another barn, to take care of crops and the live stock machinery. There are 25 paupers at the farm, and they all seemed well cared for and comfortable.

"4th. The whole jury visited the work house, now situated in the Third district of the county, near Kedron. We examined into conditions at the camp and viewed the road being built, the prisoners at work, etc. The camp is well located in a clean and healthy place, and is well laid out. The sanitary conditions there are all that could be expected. The only recommendation that we would make about the camp is that a shelter of some kind be erected over the tables where the prisoners eat. This could be done cheaply by putting up a fly tent. The work being done on the road is in every way satisfactory. The road is built from Rally Hill to about a mile and a half south of Kedron, making about six miles in all completed. It is a good macadamized road. They have also graded another mile south of the completed road. The prisoners seem to be well fed and well trained and their work is satisfactory. The superintendent and his assistants and guards are to be commended for the work they are doing.

"The condition of the Court House is satisfactory.

"This June 24, 1916.

AUCTION SALE of Registered Aberdeen-Angus CATTLE

**Columbia, Tenn.,
Friday, July 7th, 1916
At one o'clock p. m.**

**Under auspices of
American Aberdeen-Angus Breeders Association and Maury County Live Stock Association**

The Maury County Live Stock Association will conduct its second auction sale of registered Cattle at Columbia, Friday, July 7th, 1916, at one o'clock p. m. Fifty head of pure bred Aberdeen-Angus cattle will constitute the offering. The American Aberdeen-Angus Breeders Association has selected the animals to be sold, and that Association will actively co-operate with the Maury County Live Stock Association in the conduct of the sale. The offering will consist of young bulls of service age and bred and open cows with calves at foot and bred again, and will constitute the highest quality of Aberdeen-Angus Cattle ever consigned to a Southern sale.

Our friends are cordially requested and urged to attend. The American Aberdeen-Angus Breeders Association will actively co-operate in the conduct of the sale.

Maury County Live Stock Association
Allan Harlan, President. V. A. McClanahan, Secretary.
Fred Reppert, Auctioneer.

R. L. Seale, Field Representative, American Short Horn Breeders Assn.

Low Rates:--- In order to enable as many of its patrons to attend the sale as will do so within a reasonable radius of Columbia, the Nashville, Chattanooga and St. Louis Railway will make effective approximately one fare plus twenty-five cents for the round trip, applying at points on said railway between Decherd, Huntsville, Harvest and Columbia, inclusive. The Company will also transport cattle sold from Columbia to purchasers' home stations on the Nashville, Chattanooga and St. Louis Railway in Tennessee, where shipment will not involve interstate transportation, at one-fourth of the current tariff rate.
